

PRODUCT GUIDANCE SHEET

ADAMATIC DESTAINER POWDER MANUALLY FED TANNIN STAIN REMOVING POWDER

A soluble free flowing chlorinated powder developed for the quick and safe removal of tannin stains from crockery, plastics, stainless steel tea urns, coffee pots and vending machines and helps remove water spotting from cutlery.

Product Name:	ADAMATIC DESTAINER
Description:	Manually fed tannin stain remover powder
Pack Size(s):	10kg
Pallet Size(s):	70
Product Code(s):	3013000

HOW TO USE

This product should usually be sited in the stillroom or in an area where de-staining is done. For use on all crockery, plastics, melamine, stainless steel urns, coffee pots and can also be used to remove marks on most plastic chopping boards.

- Hand dosed using the 50g scoop provided.
- Dissolve 2 to 4 scoops of the powder into a sink or other appropriate vessel of hot water and allow items to soak for 20 to 30 minutes.
- For heavily tannin stained tea/coffee pots and cups it is best to soak overnight.
- Remember to rinse thoroughly after de-staining; items should be preferably rewashed in the dish washer before being returned to service.

- Keep container tightly closed in a cool dry place and store in a safe manner in a locked storage area away from the general public.
- Never mix chemicals together or re-fill containers from other vessels or drums.

Caution:

Adamatic Destainer is not recommended for glass items as it can over time etch the glass leaving it with a milky-white finish.

FOR PROFESSIONAL USE ONLY

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
