

## PRODUCT GUIDANCE SHEET

### ADETTE WASHING UP LIQUID

#### DOMESTIC WASHING UP LIQUID

Manual washing of all crockery, cutlery, kitchen utensils, and removable oven parts. The small pack size is particularly suited to housekeeping or retail catering sectors where space restrictions and low volume manual washing up processes occur.

Product Name: ADETTE WASHING UP LIQUID  
Description: Domestic washing up liquid  
Pack Size(s): 12x500ml  
Pallet Size(s): 96  
Product Code(s): 3050000

#### HOW TO USE

Used for washing up pans, utensils and other catering equipment that will not fit into the dishwasher. Designed to remove starches, grease and stubborn residues from larger catering utensils. Remember, highly soiled items should be soaked in a hot water and chemical solution before normal washing up commences.

Adette is dispensed directly from the bottle into a sink of hot water. Judgement should be used in determining the appropriate amount, but it is advisable not to use too much as overdosing may lead to excessive foaming in the sink.

#### Caution:

**This product is designed to degrease plates and utensils, so it will de-fat hands also with prolonged use without protective clothing. Please ensure you wear rubber gloves at all times.**

#### Cross-Contamination Prevention

Premises should note that if there is no ability to gain thermal disinfection through an automatic dish or glass washing machine, to avoid a risk of cross contamination, a two-stage cleaning and disinfection washing up process as best practice:

**Stage 1 Cleaning:** Remove food debris then manually wash dishes or equipment and allow sufficient time for the product to penetrate the soiling, agitating heavily soiled areas if necessary. Rinse with fresh clean water or wipe down with a clean damp cloth.

**Stage 2 Sanitising:** In a separate sink prepare a disinfectant solution which meets BS EN 1267 standard. Immerse washed items into the disinfection solution and allow sufficient contact time before rinsing the surface with fresh clean water or a clean damp cloth. Allow to air-dry or dry the surface with a separate clean dry cloth.

## SAFETY ADVICE

**WARNING** Causes skin irritation. Causes serious eye irritation. Wear protective gloves/ eye protection/ face protection.

**FOR PROFESSIONAL USE ONLY**

### COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
