## PRODUCT GUIDANCE SHEET

# BRILLIANT BIOLOGICAL LAUNDRY POWDER

## 120 WASH BIOLOGICAL LAUNDRY POWDER

A high quality domestic big box biological laundry powder to yield excellent results and powerful stain removal properties against coffee & tea, blood, margarine, grass, ketchup and motor oil stains.

Product Name:	BRILLIANT BIOLOGICAL LAUNDRY POWDER
Description:	120 wash biological laundry powder
Pack Size(s):	12Kg
Pallet Size(s):	70
Product Code(s):	3077000

### HOW TO USE

- Add 2 scoops (1 scoop = 50g) of laundry powder to the wash powder hopper. As a guide, most domestic machines are approximately 5-6Kg.
- **CARE INSTRUCTIONS:** Always follow garment manufacturer's instructions. Do not overload the machine – if in doubt refer to machine manufacturer's guidance. Detergent is not suitable for the following categories: silks, woollens and quick washes. Do not use for pre-treating stains or allow the powder to remain in contact with damp laundry before starting the wash.
- For best results wash at 40°C or above.
- **Soaking:** Never soak non-colour fast or flame resistant fabrics or garments with metal fasteners.

- **Colour fastness:** If in doubt, simply hand wash the garment first time round with cool water to test for colour loss.
- Keep container tightly closed in a cool dry place and store in a safe manner in a locked storage area away from the general public. Never mix chemicals together or re-fill containers from other vessels or drums.

## SAFETY ADVICE

**WARNING** Causes serious eye irritation. Wear eye protection/face protection.

**For further detailed information on this product please refer to the Safety Data Sheet.**

**FOR PROFESSIONAL USE ONLY**

### COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
