

## PRODUCT GUIDANCE SHEET

### DEEP CLEAN

#### CONCENTRATED DEGREASER SANITISER

A concentrated kitchen degreaser/sanitiser that cleans and disinfects all catering hard and food contact surfaces including chopping boards, food processing equipment and utensils. Independently tested to BS EN 1276 standard it is suitable for a variety of sanitising tasks in food handling areas. In diluted form can be used on all stainless steel surfaces, food processing equipment, worktops, storage areas and utensils.

- **Compliant to BS EN 1276 standard for biocidal efficacy at a dilution of 40:1 and a contact time of 5 minutes in DIRTY conditions.**

Product Name:	DEEP CLEAN	DEEP CLEAN 600ML BOTTLES
Description:	Catering degreaser & sanitiser	Deep Clean labelled spray bottles
Pack Size(s):	2x5Lt	1x600ml
Pallet Size(s):	80	NR
Product Code(s):	1290000	1416000

### HOW TO USE

It must be diluted correctly with water to prepare effective cleaning solutions. Product is dispensed via a standard 5lt pelican pump, manual wall mounted bottle/bucket pump or via an automatic chemical/water mixing station available from us on a free-on-loan agreement basis.

**Bottle cleaning solutions:** Dilute with one plunge of a 5lt pelican/wall mounted manual pump per 600ml labelled trigger spray. Remove gross debris and spray onto surface or equipment. Depending on the degree of soiling allow sufficient contact time. Agitate heavily soiled areas if necessary, then wipe away with a clean cloth or absorbent paper to leave a fresh clean surface. It should be used as part of a two-stage cleaning and disinfection process.

**Cross-Contamination Prevention:** We recommend a two stage process as best practice.

**Stage 1 Cleaning:**

Remove food debris then spray directly onto the surface or equipment and allow sufficient time for the product to penetrate the soiling, agitating heavily soiled areas if necessary. Rinse with fresh clean water or wipe down with a clean damp cloth.

**Stage 2 Sanitising:**

Spray directly onto the surface, ensuring an even coverage. Allow 5 minutes contact time before rinsing the surface with fresh clean water or a clean damp cloth. Allow to air-dry or dry the surface with a separate clean dry cloth.

The product is a concentrate designed for economy in use, so follow the recommended dilution rates as over concentration of chemical may cause smearing on surfaces or leave them tacky. If this happens wipe down with a damp cloth or mop with cold clean water.

**SAFETY ADVICE – WHEN HANDLING or DISPENSING THE CONCENTRATE**

**DANGER** Causes severe skin burns and eye damage. Harmful to aquatic life with long lasting effects. Avoid release to the environment. Wear protective gloves/ eye protection/ face protection. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

**For further detailed information on this product please refer to the Safety Data Sheet.**

**FOR PROFESSIONAL USE ONLY**

**SAFETY ADVICE – WHEN USING THE DILUTED SOLUTION**

Wearing eye protection is recommended when dispensing concentrate into bottle, but generally not needed for normal use of the cleaning solution. Wear suitable gloves. Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical attention. Keep out of reach of children.

**COSHH STATEMENT**

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
